

School Rule Song

There are so many rules
In Marden school
Listen to the teacher when they're talking

I will show respect for
Children and adults
Don't jump down the steps
Walk in the buildings

It is a big, big school but we are really helpful

We push each other to the limit
And we learn quicker

By 11 we're polite and really, really helpful

Showing respect for others
And looking after the school

There are so many rules
In Marden school
Listen to the teacher when they're talking

I will keep my hands and
Feet to myself
And obey the rules that they have told us

It is a big, big school but we are really helpful

We push each other to the limit
And we learn quicker

It is a big, big school but we are really helpful

We push each other to the limit
And we learn quicker

There are so many rules.
